MAA Bhagwati CKP, Baragaon, Varanasi
📅 01/2018 - 02/2019

PROJECTS

E-commerce Website
📅 05/2022 - 07/2022 📍 Bareilly

Designed and developed a fully functional e-commerce website using PHP, HTML, CSS, and JavaScript. The platform includes features like product browsing, shopping cart functionality, and a secure checkout process, ensuring a seamless user experience.
- Successfully built a responsive and interactive e-commerce platform.

Online Education Platform
📅 2024 - Present 📍 Bareilly

Developed an online education platform designed to provide accessible, interactive learning experiences. The platform includes various educational resources, courses, assessments, and communication tools for both instructors and students, facilitating efficient online learning and collaboration.
- Learned how to integrate dynamic content and manage real-time interactions between users.

Library Management System (LMS)
📅 07/2024 - 08/2024 📍 Lucknow

Developed a web-based Library Management System to streamline the daily operations of a library, including managing books, members, borrowing/returning transactions, and fines. The system automates key functions, enhancing efficiency for both librarians and users.
- web-based Library Management System

CERTIFICATION

Full-Stack Development with Python and Django
Softpro India Computer Technologies Pvt. Ltd

Artificial Intelligence
Livewire, Bareilly, Rampur Garden

Python Programming
Shri Ram Murti Smarak College of Engineering & Technology

SUMMARY

To continuously enhance my professional skills, optimize business processes, and contribute to organizational success through dedication, innovation, and a commitment to excellence. My goal is to deliver maximum value, drive efficiencies, and support the long-term growth and vision of the company

KEY ACHIEVEMENTS

💎 Artificial Intelligence
Artificial Intelligence Livewire event held in Bareilly and Rampur in 2023 explored advancements in AI technologies, featuring engaging discussions, workshops, and applications, fostering innovation in a dynamic garden setting.

💎 Full-Stack Development with Python and Django
Full-Stack Development with Python and Django program at Softpro India Computer Technologies Pvt. Ltd in 2024 focused on building robust web applications, covering front-end, back-end, and database integration for dynamic solutions.

💎 Python Programming
Python Programming workshop at SRMS CET in 2022 provided hands-on training in Python basics, advanced concepts, and real-world applications, fostering programming skills and problem-solving among participants.

SKILLS

HTML CSS JavaScript JAVA

C PYTHON Bootstrap

Tailwind CSS PHP Python Django

MySQL SQL
